Form 504

U. S. COAST AND GEODETIC SURVEY

DEPARTMENT OF COMMERCE

DESCRIPTIVE REPORT

Type of Survey ..... HYDROGRAPHIC

Field No. .... Office No. H-3555

LOCALITY

State ..... FLORIDA

General locality ..... APPROACHES TO ST. MARYS  
ENTRANCE

Locality .....

194/10

CHIEF OF PARTY

W. C. Hodgkin

LIBRARY & ARCHIVES

DATE .....

Hyd. 3555

After the work on this sheet was plotted, that part of the work on Hyd 3554, scale 1-100,000, which comes within the limits of this sheet, was enlarged to this scale with the object of making this sheet complete within its limits.

As this work when enlarged, did not join as well as desired with the other work, such lines as were controlled by angles, bearing, etc, were plotted directly on this sheet and the balance of the work, controlled by dead reckoning only, was enlarged from Hyd. 3554.

The work located by dead reckoning only was shown in red, in order that it may be easily distinguished.

Ralph L. Johnston

Soundings shown in feet.

Protracted by field party.

Plotted and inked by R.L.J.

Verified by.

Scale 1:20,000.
